Dear Mr. Brunson:

Please note that the RP written on the delineation workplan is incorrect. The RP# is 1RP-4514. The workplan is approved with this condition:

- 1) Excavate to 1 ft. bgs. and obtain bottom confirmation samples.

Please confirm.

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: OXY - Ridge Runner 7 State #001H - Remediation Plan

Kristen,

This e-mail is to confirm our discussion concerning the remediation plan for the OXY Ridge Runner 7 State #001H release. I have attached the information packet that we used in our discussion on 2/25/17 with a cover page describing the remediation plan that we agreed upon.

If you would please reply back via e-mail with your concurrence on this plan, it would be greatly appreciated.

Thanks, Cliff
