Subject: RE: 1RP-4817 - Abo SWD - Remediation Summary and Risk-Based Soil Closure Request

Dear Mr. Johnston:

The available information indicates **OPERATOR** has met the requirements of 19.15.29 NMAC and no further corrective action is required. NMOCD considers **1RP-4817** closed. However, this determination by the Oil Conservation Division does not relieve Operator of responsibility should future information indicate a threat to ground water, surface water, human health, or the environment. Furthermore, it does not relieve Operator of responsibility for compliance with any federal, state, or local laws and/or regulations.

Like approval from NMSLO required.

Thanks,

Olivia Yu
Environmental Specialist
NMOCD, District I
Olivia.yu@state.nm.us
575-393-6161 x113

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.

Subject: 1RP-4817 - Abo SWD - Remediation Summary and Risk-Based Soil Closure Request

Ms. Yu and Mr. Mann,

Please find attached the *Remediation Summary and Risk-Based Soil Closure Request* and Final C-141 that has been prepared for Vanguard's Abo SWD #2. The Site is located in Unit Letter "C", Section 2, Township 17 South, Range 36 East on land administered by the State Land Office. If you have any questions or need any additional information, please feel free to contact Chuck Johnston or myself by phone or email. Thanks.

Respectfully,

Joel Lowry
