Dear Mr. Foord:

What is the status of delineation at this site for 1RP-1498? The report acknowledged that horizontal delineation has not been completed yet. Has another groundwater monitoring event been scheduled?

Thanks,

OCD approval does not relieve the operator of liability should their operations fail to adequately investigate and remediate contamination that may pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the operator of responsibility for compliance with any other federal, state, local laws and/or regulations.
