	<input type="checkbox"/> Change Plans <input type="checkbox"/> Plug and Abandon <input type="checkbox"/> Temporarily Abandon
	<input type="checkbox"/> Convert to Injection <input type="checkbox"/> Plug Back <input type="checkbox"/> Water Disposal

13. Describe Proposed or Completed Operations (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleation in a new interval, a Form 3160-4 shall be filed once Testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation will move Patterson 76 to the Caper BFE Fed. # 1 after it finishes drilling operations on a well in the immediate area.

The Caper BFE Fed. #1 is an expiring lease and due to a shortage of drilling rigs at this time, we request permission to set 40' of 20" conductor pipe on Tuesday 11/30/04.

Jim Amos with the BLM, will be notified prior to spudding.

We will then move in Patterson 76 within 30 days of 11/30/04.

Thank-You,

14. I hereby certify that the foregoing is true and correct
