Yates Petroleum Corporation request to extend the captioned well's APD expiration date for one (1) year to January 08, 2006. Any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines with an approved general permit on file. Sundry approved for Drilling Pit 05/11/2004. Depth to Groundwater 48'; Distance from nearest fresh water well 1800'; Distance from nearest surface water 1800';
Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S anticipated from the surface to the Mississippi Limestone Formation to meet the OCD's minimum requirements for the submission of a contingency plan per Rule 118.
Thank you,

Expires 01/08/06
