Mr. Robert A. Dean  
Suite 823, Midland Tower

Dear Mr. Dean:

It has been called to our attention that the non-standard gas proration unit in the Mesa Queen Pool authorized by Administrative Order NSP-756 dated June 6, 1966, comprises two separate leases and that said leases have not been approved as a communitized unit by the Commissioner of Public Lands for the State of New Mexico.

The 120-acre allowable authorized by said Order NSP-756 cannot be effective until such time as the aforesaid communitization has been approved.

Very truly yours,

A. L. PORTER, Jr.  
Secretary-Director
