3. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent intervals and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

The well was tested and with current oil prices the well will produce economically. The battery for the Rich well is junk and MAR is applying for surface commingling with the Pear Marr battery. To receive approval from the OCD and BLM MAR Oil & Gas Corp is requesting a shut in status for three months to complete approval to surface commingle the well upon the approval MAR will start production immediately
