After a phone conversation with Mr. Cortez, Trisha Moore with Hondo Oil & Gas called and informed us of a well on the above mentioned property that had been overlooked. Hondo bought this property from Arco and in turn sold it to Sirgo-Collier, Inc., now named Sirgo Operating, Inc. effective April 1, 1988. At the time of purchase Hondo did not know about this well, therefore did not inform us. The McClure "B" No. 19 has been Temporarily Abandoned since June of 1973.

I am sending to you a Sundry Notice showing the change of operator effective April 1, 1988.

If there are any questions concerning this matter please give us a call at 915/685-0878.

Sincerely,

*Bonnie Atwater*
