Read & Stevens makes application for a permit to construct a new drilling pit on the new subject location. The drilling APD was previously filed electronically on the OCD web site. The pit will be approximately 120' x 120' and will be constructed and operated so as to contain liquids and solids to prevent contamination of fresh water and protect public health and the environment. This pit is not located in, or adjacent to, a watercourse, lakebed, sinkhole, or playa lake. The pit will be lined with a single liner appropriate for conditions at the site, and will be fenced to prevent access by livestock.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☒, a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
