RE: Settlement Test for June 2005

To Whom It May Concern:

This is to inform you that the Gas Measurement Department plans to start settlement tests on gas that we purchase from outside producers beginning next month.

If you plan to have someone present to witness the test(s) please contact the Measurement Department or the Measurement Technician indicated below within two (2) weeks of receipt of this letter to arrange a test schedule date and time. To insure complete and accurate testing/sampling please have all equipment on said lease/leases in operation corresponding to the test date/dates on this notice.

If no contact is made, we will feel free to schedule the test(s) at our convenience.

As per BLM Onshore Order 5, Sec. 3C #18 the lessee/operator has the responsibility of notifying the Authorized Officer of the BLM at least 24 hours prior to the execution of the test(s).

Please contact the appropriate Measurement Tech to schedule a mutually acceptable day.

Measurement Tech:

Larry Wormington(505) 676-3515Cellular (505) 361-0392Meter NumberMeter Description
