NATURE OF RELEASE

Type of Release: Oil	Volume of Release: 163 bbls	Volume Recovered: 161 bbls
Source of Release: Tank	Date and Hour of Occurrence: June 12, 2017 10:00 am	Date and Hour of Discovery: June 12, 2017 10:00 am
Was Immediate Notice Given? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No <input type="checkbox"/> Not Required	If YES, To Whom? Ms. Yu - NMOCD / Ms. Tucker - BLM	
By Whom? Rebecca Haskell	Date and Hour: June 12, 2017 3:59 pm	
Was a Watercourse Reached? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No	If YES, Volume Impacting the Watercourse.	

If a Watercourse was Impacted, Describe Fully.*	RECEIVED By Olivia Yu at 8:40 am, Jun 16, 2017
---	---

Describe Cause of Problem and Remedial Action Taken.*

The one-inch roll line valves on the oil tanks were shut and the roll pump was powered down and out of service. The roll pump suction and discharge lines were however not isolated. The brass check valve on the #1 oil tank failed because of trapped pressure in the line. All valves on the back of the tanks were closed.

Describe Area Affected and Cleanup Action Taken.*

The release occurred within the lined facility. A vacuum truck was dispatched to remove all freestanding fluids. Concho will have the spill area evaluated for any possible impact from the release and we will present a remediation work plan to the NMOCD for approval prior to any significant remediation activities.

I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state, or local laws and/or regulations.
