Subject: Illegal Produced water dumping at the Cotton Draw Unit 32-1

Olivia,

I need to report an illegal dumping that was discovered yesterday at the Cotton Draw 32 State Federal Com #001H (API#30-025-40583). Devon operations personnel received a call from the rancher in the area regarding materials that were found on our location. When Devon personnel arrived on site they found oily gravel and approximately 1 bbl of fluid that had soaked into the well pad surface that appears to have been released from a hydro excavation truck. We reviewed this incident with each of our operations groups to see if anyone was completing any hydro work in the area and we did not have any work scheduled. In turn, we wanted to make you aware of it and we will schedule clean-up of this site. If you need any additional information please let me know.

Thanks,

Mike Shoemaker
