Re: Matador's Biggers Fed #215H well (API No. 30-025-44484), Dogie Draw; Wolfcamp Pool (Pool Code 17980), Section 18, T25S, R35E, NMPM, Lea County, New Mexico (the "Well").

Dear Mr. Kautz,

I am writing to request that a copy of this letter be placed in the well file for this Well. Matador submits this letter to confirm that the W/2W/2 of Section 18 and the E/2W/2 of Section 18, Township 25 South, Range 35 East, NMPM, Lea County, New Mexico have uniform interests as to the mineral estate in the objective formation and therefore the setback requirements do not apply to the eastern boundary line of the horizontal spacing unit of the Well pursuant to NMAC 19.15.16.15(C)(7).

Sincerely,

Cassie Hahn
