13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.

Tap Rock LLC is requesting permission to change the drilling plans of the Mulva Fed Com 112H. The details of the changes are seen below and in the updated drilling plan attached:

Option to use WBM or OBM in the lateral section of the well

Change production hole size to 8.5 inch

Change production casing to T-95 W625.

Alter the surface casing set depth to match the other wells in the section and protect the rustler formation.

14. I hereby certify that the foregoing is true and correct.
