	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

In regards to the power line going from the electrical box to the wells, we would like to bury the cable 2 feet under ground. It is cable rated for burial. If need be, we can run it though PVC or Poly line. We would rent a walk behind ditcher to use so as not to desturd very much ground.

Sundry Notice Denied. You will need approval from the State of NM to bury the powerline. The surface is not BLM. If you decide to use a generator or other power source submit a Sundry Notice to BLM for authorization. Well must be in production within 30 days ending November 30, 2011 or submit to BLM a Notice of intent to plug the well.

DENIED
1st Angel Maye

Accepted for Record Only

14 I hereby certify that the foregoing is true and correct. Name (Printed/Typed)
