13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

ConocoPhillips Company respectfully request to convert the above well to a San Andres water supply well to support the Phase I waterflood implementation. Please see attached conversion procedure.

The application filed with the State of New Mexico (Copy attached) will take about two months for processing. COP respectfully request to extend the current TA approval through October 31, 2010. This will allow for processing of the application and the conversion work to be finished.

Approval to convert to water supply well. Submit subsequent report along with new completion report with 90 days. TA status is Denied, as per two previous TA request.
