13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

BLM is submitting a FAN based on an inspection done by Eddie Fitzpatrick, PET on 12/09/11. Inspection showed the well pad and access road have revegetated to an approximation of the surrounding landscape. An inspection done by BLM on 11/06/1985 recommended that this location be approved for abandonment. Evaluation of photo documentation of inspection of 12/09/11 was done by E. Jaquez, NRS.

14. I hereby certify that the foregoing is true and correct.
