13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Sundry notice outlining downhole abandonment was submitted by then operator, H L Brown, Jr on 5-30-91.

Approved copy from Peter W Chester was received in June of 1991.

Final Abandonment notice apparently was never sent.

As noted in your Order 3160(NMP0130), the surface restoration was concluded many years ago and has been recently found to be satisfactory.
