13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

EOR Operating has contacted Roosevelt County Electric Coop. to request safe removal of all power lines and poles at location
EOR Operating will cut off casing at base of cellar and install dry hole marker according to BLM requirements.
EOR Operating will also remove all stained soil on location and dispose of. EOR will then backfill the area of removal.
EOR Operating will remove all trash and debris from location

EOR Operating will file subsequent report once completed stating the location is ready for final inspection..
