13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date						
of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.						
Caza Operating wishes to change the plan total depth of the vertical portion of the well from 11,500 ft						
to 11,750ft.						
This change is needed to accommodate the extra length of the logging tool string of \pm 150 ft and to						
insure that we are able to evaluate the lower most Bone Springs interval.
