13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

It is the purpose of this Sundry Notice to request TA status for this well. It is possible that pumping equipment may be installed in this well in the near future. John H. Hendrix Corporation took over operations at this well 1/1/2003. Conoco was previous operator. Plugging of this well now may result in a premature abandonment. A casing integrity test was conducted 3/20/03, and witnessed by Bradley Hill.
