13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Per discussion with Andy Cortez, Devon Energy abandoned a section of hole from the 7" casing shoe at 12,305' to 12,656' by setting a 7" CIBP at 12,215'. Devon Energy will set a whipstock on top of the CIBP and mill a window and resume drilling operations. MW 12.5 ppg. Left 6" bit, bit sub and 1 jt. HWDP in hole.

14. I hereby certify that the foregoing is true and correct.

Electronic Submission #22808 verified by the BLM Well Information System  
For DEVON ENERGY PRODUCTION CO LP, sent to the Hobbs  
Committed to AFMSS for processing by Linda Askwig on 06/05/2003 (03LA0199SE)
