13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.  
Yates Petroleum Corporation request to extend the captioned well's APD expiration date for one (1) year to September 21, 2006.  
Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S anticipated from the surface to the Mississippian formation to meet the OCD's minimum requirements for the submission of a contingency plan per Rule 118.  
Any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines with an approved general permit on file. 12 mil liner requirements will be met. Sources available have been accessed and information obtained determines the Site Ranking at 10 points. With this ranking, deep trench burial and encapsulation at time of pit closure.

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☐, a general permit ☒ or an (attached) alternative OCD-approved plan ☐.
