Subject: Mechanical Integrity Test - JAL LPG STORAGE WELL #3 (30-025-35956)

Dear Mr Gonzales,

The Mechanical Integrity Test for the subject well, which is owned and operated by Western Refining, JAL NM LPG Storage was carried out on December 22, 2012.

The observed variation in pressure and measured apparent seepage rate are in compliance with the OCD pass criteria. The subject well and salt formation is considered as tight within the accuracy of the test method.

Please find attached two (2) copies of the test results for your perusal.

Regards,

Cyril Breheret
Engineering Manager
