13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Yates Petroleum Corporation would like to extend the Fresh Water Reservoir located to the east of the Farber BOB Federal #1H to include a portion of the existing well pad location. The addition will allow the FWR to hold approximately 100,000 barrels of water, the extension will cause no additional surface damage and will need to expand approximately 50' to the west onto the Farber well pad.

14. I hereby certify that the foregoing is true and correct. Name (Printed/Typed) Travis Hahn	Title Land Regulatory Agent
