OTHER: ☐

13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

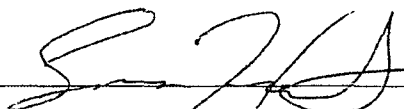

As agreed to per the discussion with E.L. Gonzales on 02/07/2013, Chevron requests a six month TA extension to provide time to P&A the well. The well is uneconomical to return to production at this time. Chevron is currently in the process of placing the well on the P&A queue and needs additional time in order to complete the required work.
