	<input type="checkbox"/> Change Plans	<input type="checkbox"/> Plug and Abandon	<input type="checkbox"/> Temporarily Abandon	
	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recompleat horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompleat in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

Removed all production equipment & cleaned location. Removed caliche from well location & road. Recountered to surroundings. Ripped location in preparation for seeding that will occur during spring prior to the next growing season in accordance with BLM's seeding recommendation. Removed all historical saturated oil to approved remediation location.

Subject: Two year monitoring status for Drickey Queen Sand Unit #13 well.

Ms. Lisa Hunt,

The Bureau of Land Management (BLM) – Roswell Field Office is in receipt of your Subsequent Sundry Notice on Form 3160-5 (Sundry Notice and Reports on Wells) dated March 04, 2013 for the Drickey Queen Sand Unit # 13, API No. 30-005-00895 located 1980 FSL & 1980 FEL of Section 33, Township 13S, Range 31E, Chaves County, New Mexico. As stated, reclamation of the location has been completed.

BLM has placed the location in monitoring status pending satisfactory re-vegetation. Please continue your monitoring of this location for a minimum of two growing seasons. When the site appears to be in a safe, stable, and satisfactory re-vegetative state, submit a Final Abandonment Notice on Form 3160-5 (Sundry Notice and Reports on Wells) stating surface restoration of the well pad and access road is complete and are ready for inspection. BLM will then inspect the location, if it meets BLM standards, will process and approve your request for Final Abandonment. 43 CFR 3162.3-4 (c), states "...the surface of the lands disturbed in connection with the conduct of operations shall be reclaimed in accordance with a plan first approved or prescribed by the authorized officer".

Your liability under bond is retained until surface reclamation is complete and approved by the Authorized Officer. If you have any questions concerning the location, please contact Robert Bussell, Environmental Protection Specialist, Roswell Field Office at (575) 627-0249 or rbussell@blm.gov.

Sincerely

*151 Angel Mayes*
