Finley Resources would like to surface commingle the State E-33 (B-11297) and the State E-28 (E-5146). The owners are the same; please see the attached letter for details provided by our land department.
 We will be setting an off lease test separator to meter production for allocation from the State 33 lease before surface commingling with the State 28 lease.

RE: Surface Commingling

Finley Resources Inc. is seeking permission to consolidate production from two leases in Lea County, New Mexico in order to reduce operating costs and limit surface disturbance. The two leases involved are the Finley Resources Inc. State E-33 lease number B-11297 (NW/4 of Sec. 33-20N-36W) and the Finley Resources Inc. State E-28 lease number E-5146 (SW/4 of Sec. 28-20N-36W). Per our records both the leasehold and mineral/royalty estates are the same and so is the ownership of the surface.

Thanks for considering our request for commingling.

Sincerely,

Scott Ramsey
Land Manager
