They said no. They are also taking their Eunice plant down for maintenance, so they are going to pass rolling shut ins across their system as well.

Thanks,
Sheila

It looks like their line came back up 2/21?

Thanks,
Sheila

Sheila;

Can you check with DCP and see when their line will be back in operation, it would be nice if we could give them the Targa gas while Targa is down instead of flaring it. Let me know so if we need to get flaring permits we can.

Thanks;
