RECEIVED

Good afternoon Mr. Sonnamaker,
Here is the MIT chart that you requested a retest as noted below. Please let me know if there is anything else you need from me. Thank you.

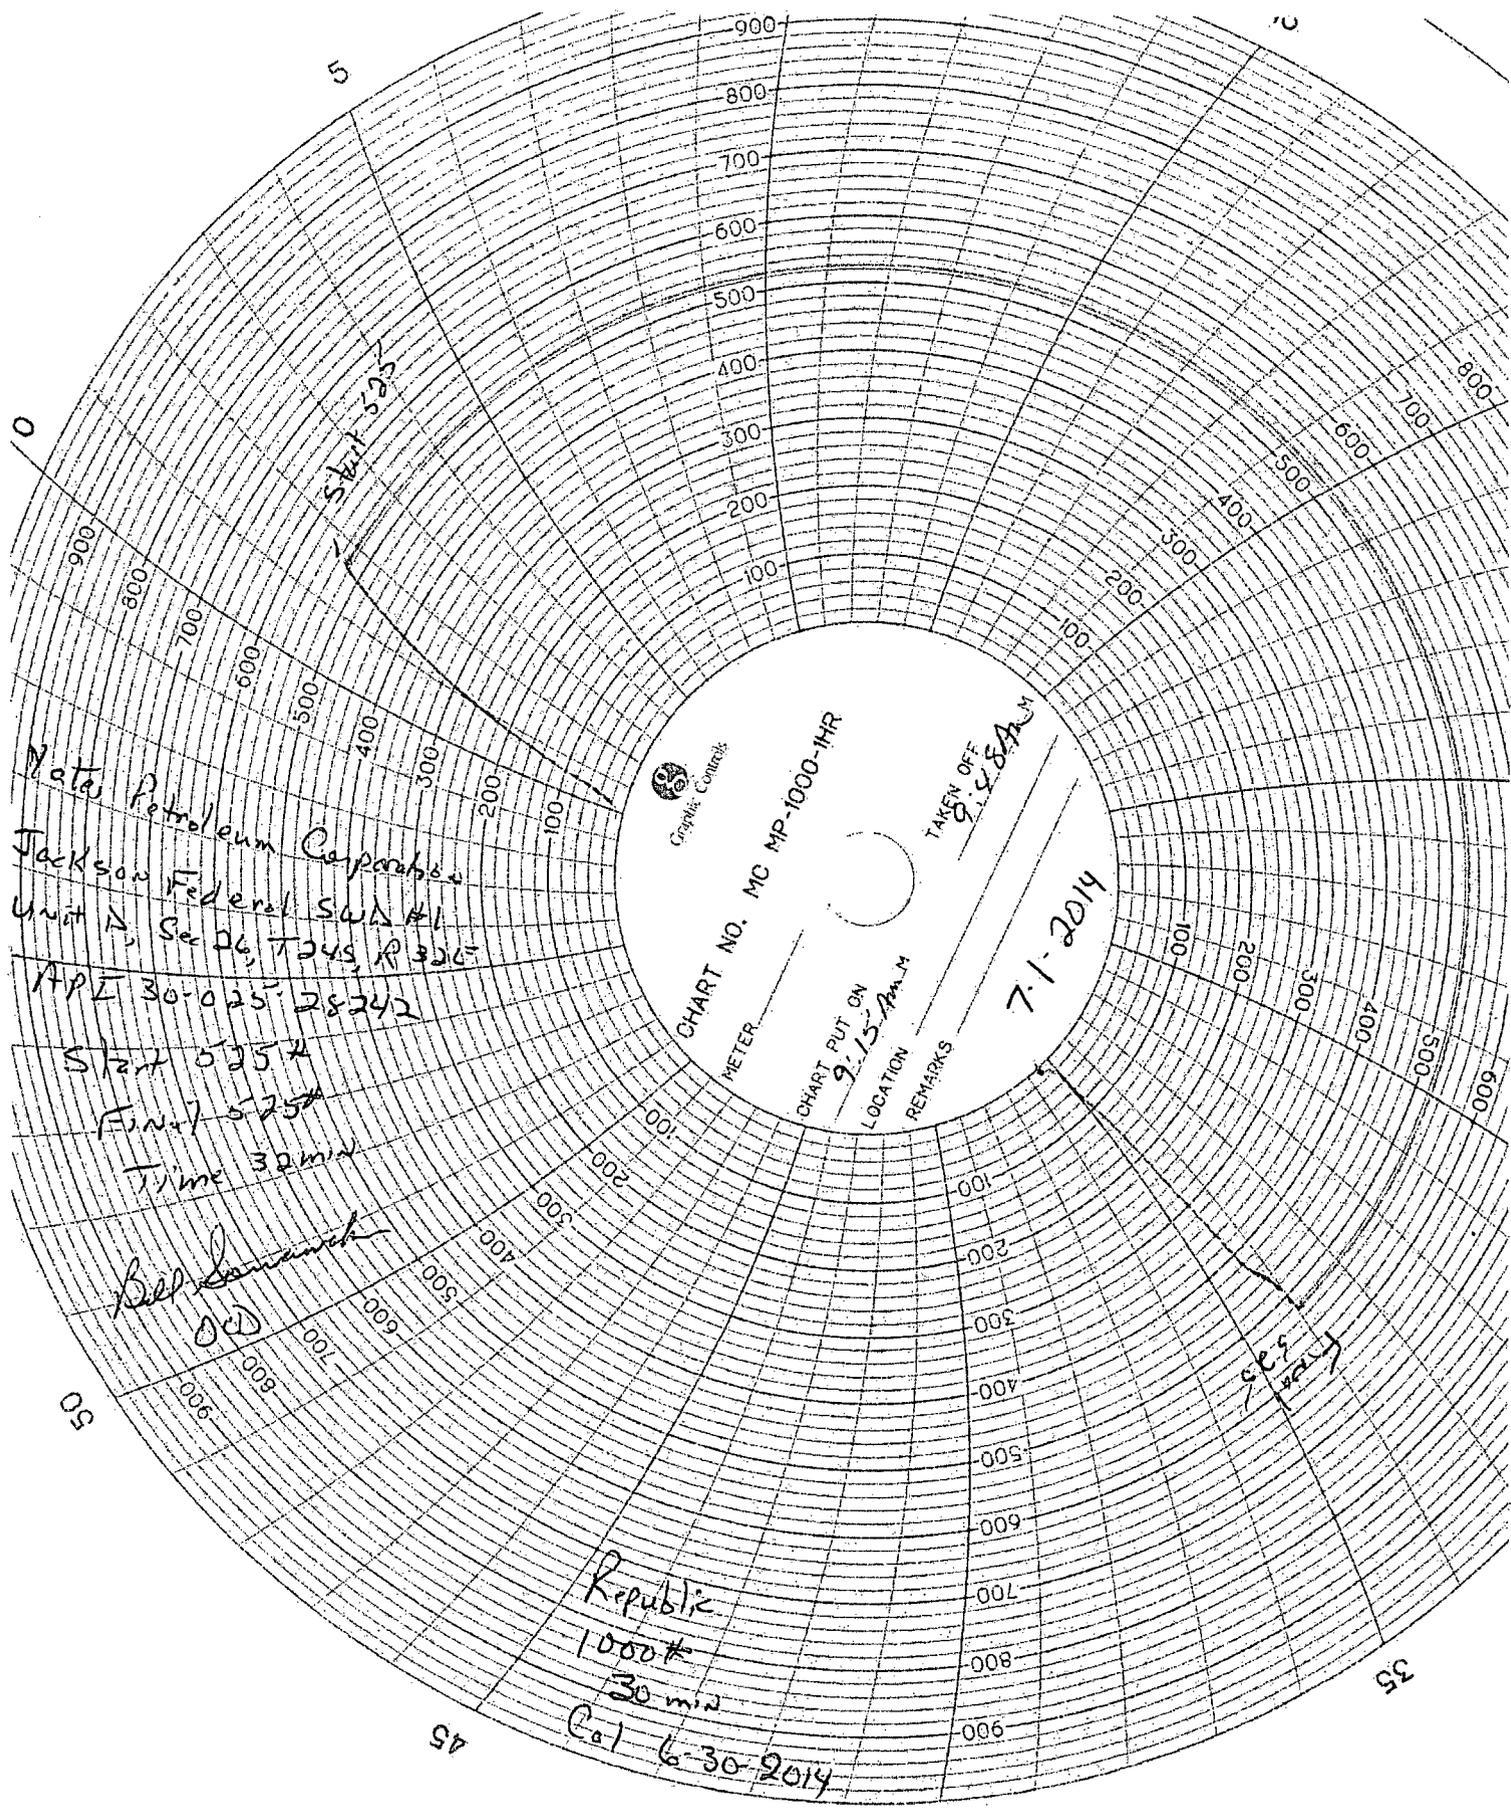

Tina Huerta
Yates Petroleum Corporation

Tina,

Bill Sonnamaker also looked at the MIT chart that the BLM approved for the Jackson Federal SWD #1, API # 30-025-28242 and stated it is the wrong chart. Yates needs to retest this well and use the correct chart. Chart & Spring should be 1000#, 1 hour clock, and a 35 min. test. Please let your field personal know this and to set up a re-test. Please let Bill know 24 hours before testing. Bill's number is (575) 393-6161 Ex 114.

Thanks Donna
