13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

1. Cameron Oil and Gas Inc. has contracted Talon/LPE to do reclamation activities at the Federal 6 No. 2, a P&A location.
2. The caliche from the location will be removed. The location will be cut, ripped, cross-ripped and then windrows will be installed.
4. The soil lift will be contoured to match the surrounding terrain and the location will be seeded using the recommended BLM LPC seed mix for the area.
4. The caliche will be used as a road closure berm to prevent access to the location.

*Access road to be reclaimed in similar manner. All subject to like approval from private land owner.*
