Re: NMLC031740A
EMSU, No. 418
660 FSL & 1980 FWL, Sec. 17, T21S-R36E
Lea County, New Mexico

To Whom It May Concern:

Based on the BLM's understanding of the attached letter, the surface owner of the above referenced site, Dasco Cattle Company, LLC, allowed activities on the surface that lead to the destruction of XTO's reclamation work. This was the surface owner's prerogative and therefore, XTO must be released from all surface reclamation responsibilities connected to this site.

Please, submit a Sundry Notice (3160-5, Final Abandonment Notice), one original and 3 copies showing the location to be ready for final abandonment consideration.

If you have any questions contact Sol Hughes, at 575-234-5951.

Sincerely,

Sol Hughes
Natural Resource Specialist

XTO Energy,

DASCO Cattle Company gave Hungry Horse Environmental Services permission to setup a cement mixing plant on the site of the EMSU 418. The site was clean of any debris prior to the mixing plant being set up. I have contacted Hungry Horse and they are going to be clearing the site of any remaining debris.

Sincerely,

A handwritten signature in black ink, appearing to read 'Atlee Snyder', is positioned above the printed name.
