Attached is a letter from BCM & Associates the plugging company we have contracted with to abandon this well. Unfortunately, because of commitments to larger customers, BCM & Associates will not be able to move to our project until mid-December. Which would put us beyond our 90 day approval window for the work we previously proposed. Mr. Montgomery refers to the Chambers Federal Wells, but this includes the Wilson Federal #1 also. Cano Petro of New Mexico, Inc. Therefore is seeking an extension of this deadline until January 1, 2015. If anything else should delay their arrival we will obviously communicate that to the Roswell field office, through another Sundry Notice.

14. I hereby certify that the foregoing is true and correct.

RE: Chambers Federal Wells, Roosevelt County, NM

Attn: Dave Spencer

Dear Dave:

Per our conversation, at the present time, BCM will not have a plugging crew available for your P&A project in Roosevelt County, New Mexico until mid-December. If any changes in logistics should occur that we can get a crew available before, or if it is going to take longer than mid-December, I will contact you.

Thank you for your patience.

Yours Truly,
