**LETTER OF VIOLATION - Inspection**

Dear Operator:

The following inspection(s) indicate that the well, equipment, location or operational status of the well(s) failed to meet standards of the New Mexico Oil Conservation Division as described in the detail section below. To comply with standards imposed by Rules and Regulations of the Division, corrective action must be taken immediately and the situation brought into compliance. The detail section indicates preliminary findings and/or probable nature of the violation. This determination is based on an inspection of your well or facility by an inspector employed by the Oil Conservation Division on the date(s) indicated.

Please notify the proper district office of the Division, in writing, of the date corrective actions are scheduled to be made so that arrangements can be made to reinspect the well and/or facility.

<b>Comments on Inspection:</b> DO NOT RELEASE. Rule 19.15.25.10.D requires that operator shall have completed restoration of location within one year after completion of work. P&A was completed on 06/24/2011. Field visit indicated location was good. P&A marker was not correct. Lease name incorrect and no operator listed on marker. NEED TO CORRECT MARKER AND SUBMIT C103 FOR FINAL INSPECTION.						

In the event that a satisfactory response is not received to this letter of direction by the "Corrective Action Due By:" date shown above, further enforcement will occur. Such enforcement may include this office applying to the Division for an order summoning you to a hearing before a Division Examiner in Santa Fe to show cause why you should not be ordered to permanently plug and abandon this well.

Sincerely,

 Mark White, Compliance Officer

Hobbs OCD District Office
