RE: Plugging operations-Gecko 36 State No. 2 API number 30-025-32546

Dear Sirs,

We have contracted J&B Well Service of Lovington, NM to perform plugging and abandonment services on the subject well. We have been advised that they are tied up on other NM plugging work at the present time. We respectfully request an extension in the plugging permit until their equipment becomes available.

Sincerely,

Phil Lawson
Manager

3/16/2015
Have talked with Robby Stearns
and should be able to plug
this well late May or early
June 2015. Approved C-103
dated 6/5/2014 will be
extended for 6 months if
needed to complete P&A.
M. Lawson
