13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Sahara Operating respectfully requests 90 day TA status for this well so that SWD and pipeline easements may be obtained from the New Mexico State Land Office. Sahara has received it's NMOCD disposal order (SWD-1512), and has purchased the injection pump and tubing. As we haven't done this before, obtaining the SWD and pipeline easement (1,300 feet) slipped through the cracks. John West Engineering out of Hobbs is lined up to perform the survey today, 05-15-2015, and the application should be submitted the week of May 18th, 2015. A 90 day TA approval should be plenty to get the easements. The well work will only take a few days.

**T/A STATUS FROM DATE ON
 SUCCESSFUL CHART TEST.**
 Spud Date: _____ Rig Release Date: _____
 MJB

**Condition of Approval: notify
 OCD Hobbs office 24 hours
 prior of running MIT Test & Chart**
