13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 19.15.7.14 NMAC. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Resolute installed a surface riser (per OCD instructions) off of the 13 3/8 inch casing per the following:
 5-28-15: Dug out cellar down approximately 9-10 feet and found 13 3/8" casing. There is no casing wellhead. It was cut off by a previous operator, probably when the well was re-entered. The 7" casing is coming out of the top of the 13 3/8" casing and is full of cement. Resolute welded a 2 inch collar on the side of the 13 3/8 inch casing and brought a 2 inch riser up to the surface. See attached pictures.
