13. Describe proposed or completed operations. (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work). SEE RULE 1103. For Multiple Completions: Attach wellbore diagram of proposed completion or recompletion.

Apache is requesting renewal of TA status for this well. An application for injection was issued by Santa Fe to convert this well to an injector July, 2014. Chart is attached to extend TA, pending the actual CTI and reporting of injection volumes to keep the well from hitting the Inactive Well List. Due to the current environment, Apache would like to evaluate the use of this well in the waterflood.
