	<input type="checkbox"/> Other

13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

08/11/2015 Repaired flow line and electrical box. Turned well on and was getting pump action. Down hole pump was still good.
 08/12/2015 Well pumped 12 bbls of fluid. Well was showing 1 to 5% oil cut. Well started tagging. Well does not have a casing leak.
 08/13/2015 Well lost pump action. Called kill truck to test tubing and dump fluid down the backside.
 08/14/2015 Tested tubing and it held pressure. Pumped 35 bbls fresh water with soap down the backside. Got pump action. Well started pumping again.
 08/15/2015 Allowed soap and fresh water to soak on formation. Suspected salt ring in casing.
 08/17/2015 Lost timer switch on control box. Called electrician to repair. Well was pumping with good gas show. Well was cutting 1 to 5% oil cut.
 08/19/2015 Well pumped 11 bbls of fluid with a 1 to 5% oil cut. Recovered 20 bbls load water.

14. I hereby certify that the foregoing is true and correct.
