Gentlemen:

COG Operating LLC proposes to downhole commingle production from the West Red Tank Delaware (51689) and Red Tank Bone Spring (51683). The commingling will not reduce the value of the total remaining production.

The proposed intervals are as follows:

West Red Tank Delaware	8520 - 8533
Red Tank Bone Spring	8821 - 8852

COG Operating LLC will test the zones and submit allocation request. Ownership in all zones is the same.

If you have any questions, please feel free to call me at 432-685-4340 or Erick Nelson at 432-683-7443.

Thank you for your attention to this matter.

Sincerely,

COG Operating LLC
