Approval to drill this well to the San Andres was acquired on 10/7/2005. At this time, Marathon Oil Company requests approval to extend the TD from 5000' to 6000' feet so that the Paddock can be tested. With this change, the 8.625" surface casing will be extended to 1250' and cemented with 750 sacks and the 5.5" production casing will be extended to 6000' and cemented with 1200 sacks. Cement for both strings of casing will be circulated to surface.
