13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

Pogo Producing Company request permission to extend TA status for the above captioned well. Pogo plans to flood the Paduca field sometime in 2006 or 2007 and this well will be part of the flood. Pogo is studying whether to return the well to production or convert to an injection well but needs time to complete the engineering modeling.

Well is temporary abandoned / shut-in without prior approval. Well must be placed back on production or a plugging and abandonment procedure must be submitted. Submit to this office 03/01/06, on a Sundry Notice (3160-5), a notice of intent to place well back on production or a notice to plug and abandon. Failure to comply will result in Notice of Noncompliance.
