Yates Petroleum Corporation request to extend the captioned well's APD expiration date for one (1) year to April 14, 2007.

Any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines with an approved general permit on file.

Sources at Yates Petroleum Corporation have relayed information to me that they believe there will not be enough H2S anticipated from the surface to the Mississippian Formation to meet the OCD's minimum requirements for the submission of a contingency plan per Rule 118.

Thank you,

I hereby certify that the information above is true and complete to the best of my knowledge and belief. I further certify that any pit or below-grade tank has been/will be constructed or closed according to NMOCD guidelines ☒ a general permit ☐ or an (attached) alternative OCD-approved plan ☐.
