	<input type="checkbox"/> Convert to Injection	<input type="checkbox"/> Plug Back	<input type="checkbox"/> Water Disposal	

13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomple horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recomple in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

RE: Well Reclamation

Dear Ms. Stoker:

We reviewed the reclamation work done on Salt Water Disposal Well 30-041-00069 New Mexico D Fed #001 (23518) on July 29, 2013. This well site is located on our Milnesand Prairie Chicken Area within Section 29 of Township 8 South, Range 36 East (660 FNL 660 FEL). Native vegetation was growing on the site, and the area was free of equipment and contaminants. Staff with the New Mexico Department of Game and Fish is satisfied with the well site and no further reclamation efforts are necessary. If you have questions or need more information, please contact me at 505-476-8098 or James Hirsch at 505-470-6688.

Sincerely,

Rey Sanchez
Assistant Chief, Private Lands and Habitat
