After first inspection of the P&A'd reclaimed pad of this well, it was brought to Devon's attention by Mr. Mark Whittaker that electrical poles still existed surrounding the location and nearby area.

Devon respectfully requests to remove the three poles surrounding the pad, removing the transformer, and leave the remainder of the electrical poles up to 2 years for the purpose of future operations. The down guy will be placed on the fourth pole that is on the northwest side of the pad to support lines and weight.

Thank you.
