13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration of the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths or pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with the BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed if testing has been completed. Final Abandonment Notice must be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

EnerVest Operating L.L.C. transferred operation of the above referenced well to FOUNDATION ENERGY MANAGEMENT, LLC, effective 09/01/2015, as operator/owner. FOUNDATION ENERGY MANAGEMENT, LLC hereby certifies that it is authorized by the proper lease interest owners to conduct lease operations, and is responsible under the terms and conditions of the lease associated with this well.

- language is incorrect
- sundry needs to be submitted by "foundation"
- "foundation" does not appear to be bonded

REJECTED
