13. Describe Proposed or Completed Operation (clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplete horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports shall be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 shall be filed once testing has been completed. Final Abandonment Notices shall be filed only after all requirements, including reclamation, have been completed, and the operator has determined that the site is ready for final inspection.)

11/17/15 Vacuum trucks arrived on site and removed the liquids from the two (2) 500 bbl tanks.
11/18/15 Vacuum truck steamed and cleaned both of the tanks. The catwalk and landing were removed. Backhoe arrived on location and started building the west, south and north fire walls. Also removed all the T-posts and corners.
11/19/15 Laid out 48 x 70 feet of liner on location and secured in place. Backhoe made new tank pad and leveled. Crew loaded fiberglass tanks and set them on the pad and leveled. Installed catwalk and landing. Backhoe finished the firewall and also dug the holes for the corner posts.
11/20/15 Installed the load line on the tanks and made door gaskets. Installed and plumbed in the fill line and dump line. Cemented in the corner posts and built the fence. The backhoe finished the firewall and pushed up the old location.
11/24/15 Dug out a 30 x 100 feet spill area. Removed the contaminated soil 4 feet below ground level. The contaminated soil was hauled to Gandy Marley Land Farm in Roswell, New Mexico.

Additional data for EC transaction #329857 that would not fit on the form

32. Additional remarks, continued

12/4/15 Pending the approval of the dirt removal before filling it.

1/26/16 Received approval and weather was finally clear enough to be able to fill in the 4 foot excavated hole from the spill area with fresh dirt and caliche to finish the repairs of the location.
