13. Describe Proposed or Completed Operation: Clearly state all pertinent details, including estimated starting date of any proposed work and approximate duration thereof. If the proposal is to deepen directionally or recomplate horizontally, give subsurface locations and measured and true vertical depths of all pertinent markers and zones. Attach the Bond under which the work will be performed or provide the Bond No. on file with BLM/BIA. Required subsequent reports must be filed within 30 days following completion of the involved operations. If the operation results in a multiple completion or recompletion in a new interval, a Form 3160-4 must be filed once testing has been completed. Final Abandonment Notices must be filed only after all requirements, including reclamation, have been completed and the operator has determined that the site is ready for final inspection.)

The CSAU #192 (3000520313) was plugged 8/24/1994.. A subsequent Report has been filed to reflect the current status of the well. Remediation work was completed when the well was plugged. Native habitat has been re-established at the site in the form of a self sustaining diverse native plant community in a density sufficient to control erosion and non-native plant invasion.

14. I hereby certify that the foregoing is true and correct.
