Gentlemen:

Pursuant to your letter of September 2, 2015, this office concurs with your determination that the SEMU #50 completion is not capable of producing unitized substances in paying quantities.

This well's Blinebry and Tubb formation completion is therefore not entitled to be part of a Participating Area and production from this formation should be reported on a lease basis. Also, a Sundry shall be submitted to drop "Unit" from well name.

Under provisions of 43 CFR 3165.3, you may request a State Director Review of the decision described above. Such a request, including all supporting documents, must be filed in writing within 20 business days of receipt of this notice and must be filed with the State Director, Bureau of Land Management, P.O. Box 27115, Santa Fe, New Mexico 87502-0115. Such request shall not result in a suspension of the order unless the reviewing official so determines. Procedures governing appeals form instructions, orders, or decisions are contained in 43 CFR 2175.4 and 43 CFR Part 4.

If you have any questions, please contact Kenneth G. Rennick at 575-234-5964 or Edward G. Fernandez at 575-234-2220.

Sincerely,
