Shelly,

Do you have a list of the 13 wells with API #'s? If they are not accessible quickly send me at least 1-API # of the first lease listed and we can scan to that well file.

You have approval to flare. The API #'s will allow us to scan to the well files. And it may get scanned only to the first API # listed, but you can go online and see the approved C-129.
